Fabien DELAUBE was born in Bordeaux in 1973, he studied for 5 years photography and audiovisual in different art schools, this period of his life has shaped his creative spirit, before finally turning to the visual arts. In 1996, he worked for 2 years in Bordeaux Opera as a decorator. In 1998, he hones his craft by attending courses of "trompe l'oeil" with Companions of the Tour de France, then he continued to attend classes in the Fine Arts academy in Bordeaux with live models. Now he lives and works in Paris since the early 2000s.

Nature and people lover, the artist likes travelling and paints whom he meets, juggling between quite surprises and contemplatives attitudes. His technique opens the doors of poetry full of humanity.

His artworks are representational, visionary and fantastic at the same time. Through structured compositions, he easily reaches to express treated themes by setting them up in a real poetry.

The depth of his very architectural compositions pushes us to flip through the pages of our lives as so many masks that bury our souls. Even as he accumulates the glacies, he attempts to uncover our deep identities. Shadow and light in his works guide us on a quest leading to the purity of darkness, death to rebirth...

Through his participation in international art fairs in Shanghai and Hong Kong, and with many personal exhibitions in art galleries in France and abroad, his artworks are now part of many private collections all over the world.

In his new participation in December 2014 to the art fair of the National Society of Beaux-Arts at the Carrousel du Louvre in Paris, Fabien Delaube won 2 prestigious awards : the gold medal and the famous Marin award for his amazing painting "Antigone".

Delaube never cease to amaze us over his alchemical work...
